

An effective disinfectant, sanitizer, deodorizer, virucide, and mildew stat (on hard, nonporous surfaces), SAN SOL 10 is registered with the EPA. It is designed to disinfect hard, non-porous, inanimate environmental surfaces: floors, walls, glazed porcelain, glazed ceramic tile, bathrooms, shower stalls, bathtubs, cabinets, tables, chairs, telephones, and metal, stainless steel, and plastic surfaces. SAN SOL 10 deodorizes areas that are difficult to keep smelling fresh: garbage storage areas, empty garbage bins and cans, pet areas, and other areas prone to odors caused by microorganisms.

EPA Reg. No. 6836-266

ORDER #1D.07

EPA Est. No. 9194-MO-1
